- Take a pencil and scribble on a piece of paper until you have a nice big black mark.
- Then rub your index finger in the mark. Your index finger is the one next to your thumb.
- Now get some tape. The best tape to use is called transparent tape or utility tape. Put a piece of it over your finger, press down, and pull it off.
- Then put the tape on a piece of paper. Now you can see your fingerprint.

Last Important Note

Cadets God wants you to know, that you are somebody. You have been given an awesome identity and the devil doesn't want you or any other Child to know that. You have been hand-picked by God so that means that you are somebody special. God knows that you will do great this in this life, and the devil also knows that as well.

So the devil will try everything he can to get you to sin, and not live the life God wants you to live. The devil wants you to be confused about who you are in Christ. He may try and tell you that you are sad, you're a loser, and nobody likes you. The devil's plan is for you to not know who you really are in Christ, after this lesson, the devil's plan will be demolished in your life.

In Christ, we are given a new Identity, a new spiritual fingerprint.
